

## Prevent theft and optimise your sales with effective anti-theft solutions

Effective anti-theft solutions consist of antennae by the entrances, exits and checkout counters in combination with anti-theft etiquettes, tags and labels attached to the products.

As a customer at Nordic Retail A/S, you get a variety of special advantages related to anti-theft solutions. We assist you with:

- Products from leading brands such as Checkpoint, Alpha and AlertSystems
- A wide assortment of antennae that can be customised to meet the specific needs of the individual customer.
- Guidance in preventing good shrinkage and theft
- Radio-frequency identification (RFID) technology
- Day-to-day delivery for our concept-clients
- A full assortment of detection-sensitive anti-theft hard-tags, labels and etiquettes
- Service visits for your equipment
- Safers, keepers and spiders
- Source-tagging
